The leading industrial decarbonization conference in Canada

40+ Speakers Including:

Hon. Graydon Smith,  
Minister of  
Natural Resources  
and Forestry,  
Government of  
Ontario

Eva Musso,  
Head of Sustainability  
and Government  
Relations,  
BASF

Katie Chan,  
Director,  
STELCO

Gregory Balycky,  
Senior Director of  
Investments,  
Canada Infrastructure  
Bank

Fathesha Sheikh,  
Director of CCUS,  
Hydrogen and  
e-Fuels,  
Holcim Lafarge

Mubarik Chowdhry,  
Director & Head of  
Global Innovation Hub,  
Heidelberg Materials

Nicole Geneau,  
Vice President  
of Commercial  
Development,  
Antora Energy

Minister Brian Jean,  
Minister of Energy &  
Minerals,  
Government  
of Alberta

# An essential meeting for leaders in decarbonization

Last year, we brought together just under 200 of Canada's leading industrial leaders to focus on the business plans and collaborations that will help them navigate the challenges of decarbonization.

This year we are returning to Toronto to further develop the discussions and community at the only pan-Canadian conference dedicated exclusively to industrial decarbonization.

Join us and you'll meet stakeholders from industry, investment, technology and government at an optimal time ahead of the next election.

Your takeaways will include insights into how other industrials are planning and starting to implement CO<sub>2</sub> management plans – you'll hear about the business plans and tactics for driving their net zero targets.

On policy, you'll get to investigate and interpret policies on carbon tax and more.

Following a crucial announcement on the CCUS investment tax credit this year, you'll also hear from companies who are advanced in unlocking the future of CCS including an industry-leading case-study delivered by Heidelberg on their Edmonton storage facility.

We have dozens of speakers joining the line up from Carmeuse, to **Holcim Lafarge, BASF ArcelorMittal Dofasco, Cabot Corporation** and more.

## Why should you attend Decarb Connect Canada 2024?

**Stay competitive** and learn about the CO<sub>2</sub> roadmap and business plans from major industrials including **BASF, ArcelorMittal Dofasco, Heidelberg** and more.

**Mobilize the necessary capital for large scale implementation** through meeting with relevant financial institutions including investors, pension funds, asset management funds and banks.

**Build robust business cases for new technology** through interacting with tech disruptors with solutions for the hard-to-abate sector, through carefully selected technology spotlight sessions.

**Effective forecasting amidst political uncertainty** through meeting with stakeholders from across the value chain to learn best practice for mitigating risk on upcoming projects and investment decisions and preparing for a potential shift in government.

**Work out how to tap into political incentives** through a comprehensive analysis important policy such as the industrial carbon tax and tax credits.

**Network and influence** policy decision makers through meeting with policy stakeholders at federal and government level ahead of next year's election.

You've asked, and we've delivered - We consistently hear that our strength comes from the quality of people we bring together, and the collaborations being created - we would love to include you in the community at Decarb Connect Canada 2024.

I look forward to meeting you.

Nisha Chandar-Nair  
Conference Producer  
**Decarb Connect**

## With thanks to this year's advisory board:

Sarah Petrean,  
Vice President of  
Sustainability,  
**Cement Association  
of Canada**

Fathesha Sheikh,  
Director of CCUS,  
Hydrogen and  
e-Fuels, **Holcim/  
Lafarge**

Peter McArthur,  
Vice President &  
National Cleantech  
Lead, **Royal Bank  
of Canada**, Chair,  
**Ontario Clean  
Technology Industry  
Association**, Board  
Member, **Canada  
Cleantech Alliance**

Donald Fusco,  
Regional  
Director - Ontario,  
**Chemistry  
Association of  
Canada**

Nick Papanicolaou,  
Decarbonization  
Manager,  
**Carmeuse**

Kerry Sandhu,  
Executive Director,  
**Gaffney Cline**

*“Attending the conference was great to learn about the different decarbonization pathways in different industries and the challenges industry is looking at for their decarbonization requirements.”*

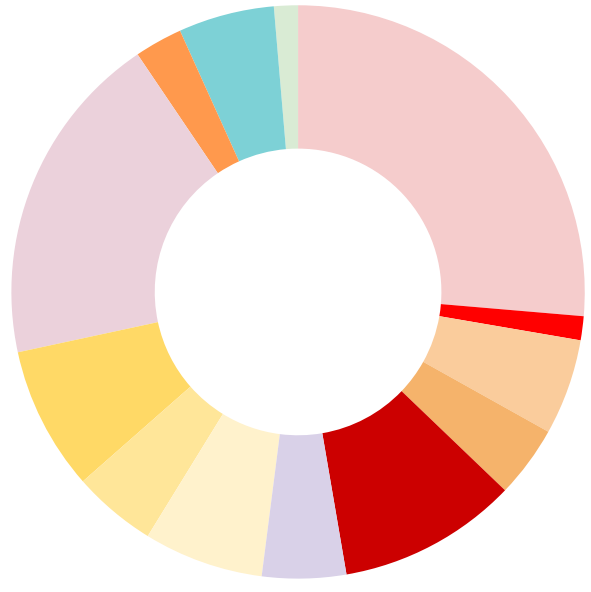

**Shannon Wilson,**  
**carbonNEXT, ForesightCan**

# Past Attendees to Decarb Connect Canada:

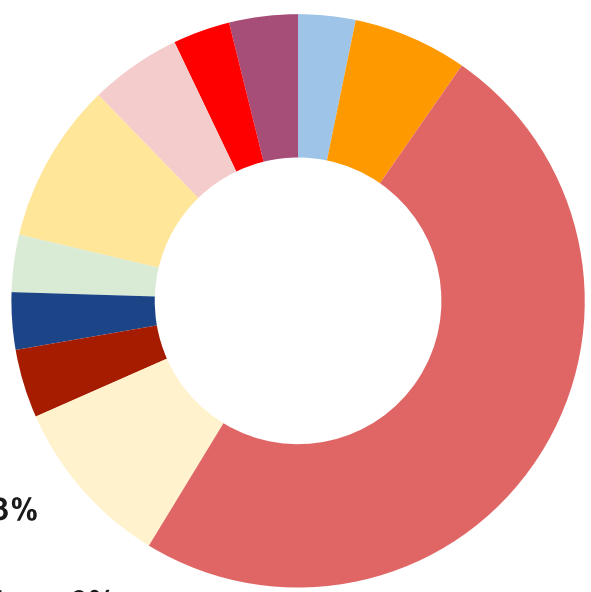

## Sector Breakdown

- Industry - 26%
- Technology - 19%
- Engineering & EPC - 10%
- Oil and Gas - 8%
- Association / Think tank - 6%
- Government - 7%
- Power Generation - 5%
- Other - 5%
- Finance - 5%
- Consulting - 4%
- Renewables - 3%
- Academic - 1%
- Non-Profit - 1%

## Job Function Breakdown

- Technology - 4%
- Others - 3%
- Innovation / R&D - 3%
- Environment / ESG - 4%
- Sustainability - 3%
- Academic/ Research / Analyst - 3%
- Business Development / Marketing - 6%
- CEO / Founder / MD / VP / Director / Associate - 49%
- Energy Management / Energy Transition - 10%
- Strategy / Corporate Development / Policy - 5%
- Project Management / Manager - 9%

# 40+ Speakers Including:

Hon. Graydon Smith, Minister of Natural Resources and Forestry, Government of Ontario

Nick Papanicolaou, Decarbonization Manager, Carmeuse

Fathesha Sheikh, Director of CCUS, Hydrogen and e-Fuels, Holcim Lafarge

Shatha Qaqish-Clavering, Executive Director-Climate Positive Energy Initiative, University of Toronto

Sarah Petrean, Vice President of Sustainability, Cement Association of Canada

Peter McArthur, Ontario Clean Technology Industry Association, Board Member, Canada Cleantech Alliance

Justin Rangooni, Executive Director, Energy Storage Canada

Eva Musso, Head of Sustainability and Government Relations, BASF

Donald Fusco, Regional Director - Ontario, Chemistry Association of Canada

Katie Chan, Director, STELCO

Gerald Ouellette, Director- Offset Advisory, ClearBlue Markets

Tammy Oommen, Decarbonization Program Manager, ArcelorMittal Defasco

Nicole Geneau, Vice President of Commercial Development, Antora Energy

Mark Zacharias, President, Clean Energy Canada

Breanne O'Reilly, Vice President Business Development & Strategic Initiatives, International CCS Knowledge Centre

Justin Rangooni, Executive Director, Energy Storage Canada

Cayla Saby, Vice President of Government Relations & Commercial, AltaLink

Monica Gattinger, Founding Chair, Positive Energy, University of Ottawa

Mubarik Chowdhry, Director & Head of Global Innovation Hub, Heidelberg Materials

Maïke Althaus, Executive Director, Canadian Hydrogen Association

Mark Plamondon, Executive Director, Alberta's Industrial Heartland Association

Gregory Balycky, Senior Director of Investments, Canada Infrastructure Bank

Dean Pearson, President & Facility General Manager, Cabot Corporation

Andrew Stewart, Vice President of Eastern Canada, Lafarge Canada

David Billedeau, Director of Climate & Environment, Canadian Steel Producers Association (CSPA)

Scott Nielson, VP Environment & Sustainability and Innovation, Ash Grove Cement Company

Robert Cumming, Head of Sustainability & Public Affairs, Lafarge Canada

Jordan Dye, Program Director, Business Renewables Centre Canada

Breanne O'Reilly, Vice President Business Development & Strategic Initiatives, International CCUS Knowledge Centre

Minister Brian Jean, Minister of Energy & Minerals, Government of Alberta

Peter Sherk, Board Member, Wabash Valley Resources

Heather Crochetiere, Senior Director of Technology Adoption, Foresight Canada

Zoltan Tompa, Partner & Team Lead, ClimateTech Fund, BDC Capital

Alisha Giglio, Director of Climate & Customer Success, SINAI Technologies

Sally Dauwoud, Cleantech Advisor, Clean Resource Innovation Network

Martin Vroegh, CEO, Hydrogenii

Patrick Hum, Director General, Clean Technology & Growth Branch, Government of Canada

Brian Begley, CFA, Founder & Partner, PhiCap Advisors

## Decarbonization Leaders Network

### Grow

Target introductions to peers tackling critical decarbonization issues – we help facilitate introductions to become part of your central to share experiences

### Accelerate

Speed up your plans through networking and 1-2-1 introductions to gain unrivalled access to ideas, insights and data to support decisions that underpin your decarb strategy

### Insights

Access exclusive reports, fireside chats, panel discussions and monthly structured meetings with members of the Decarbonization Leaders Network to tackle your most important questions

## New for 2024: Pre-Conference Site Tour

TUESDAY, NOVEMBER, 5TH, 2024

10.00 AM - 10.30 AM

### Site Visit Registration

All attendees to meet at Hotel X and sign-in. Bus leaves at 10.30am

10.30 AM - 2.30 PM

### Site Tour: Zero Carbon Hydrogen - Visit to GH Power's Industrial Commercial Reactor

GH Power has completed the design, procurement, and Phase 1 test program of a 1 MW Commercial Reactor. The reactor was built and tested at GH Power's fabrication facility in Hamilton.

#### Key takeaways from the tour:

- Reactor development and optimization - Discover design, assembly, and optimization of 1MW Commercial Reactors, including modular designs for large-scale solutions.
- Quality Control and Operations - Learn about hydrogen and alumina quality control methods, staff training, and standardized operational procedures.
- Power Integration and Efficiency - Understand power system integration, combustion engine use, data optimization, and strategies for maximizing ROI through large scale projects and off-grid PPAs.

3.30 PM - 5.30 PM

### Workshop Title: Unlocking the Economic Potential of CCS for Canadian energy-intensive industries

#### Objective:

Sponsored by: Baker Hughes 

To analyse economic perspectives, technology readiness, and pathways for decarbonization using CCS, focusing on industry collaborations, costs, and investment opportunities.

#### Part 1: Overview

- Overview of industry perspectives of CCS and exploration of the experience in the workshop group
- Analysis of the Economics and Investment Case for CCS
  - Current cost curve and cost variability (high vs. low-pressure applications)
  - Economics of high-concentration vs. low-concentration carbon streams
  - The role of investment stacking, clusters, and different financial partners in reducing costs and derisking
  - Status and plans for clusters vs individual/joint projects outside of clusters

#### Part 2: Group Discussion: Building a Business Case

Agenda continues on the next page...

[hello@decarbconnect.com](mailto:hello@decarbconnect.com)

# New for 2024: Pre-Conference Site Tour

TUESDAY, NOVEMBER, 5TH, 2024

## Part 3: Technology Deep Dive: CCS Solutions

- Exploration of key CCS technologies and where they best apply along with map of key market participants:
  - Liquid solvent
  - Solid adsorbent
  - Membrane
  - Solid looping
  - Inherent CO<sub>2</sub> capture (e.g., oxy-fuel)

- Interactive Case Study: Selecting the Right Technology - 2-3 case studies of industrial scenarios (e.g. cement, steel, chemical) with varying CO<sub>2</sub> concentrations and pressure levels.

## Part 4. Carbon Pricing and Industry Readiness

Overview of Carbon Pricing in Canada and the US: Discuss the impact of carbon pricing on heavy industries, highlighting sectors like cement that are most exposed. The future for carbon credits, and the role of government

- incentives in making CCS economically viable.

7.00 PM

## Welcome Drinks Reception

Join us in the evening for welcome drinks at Hotel X, hosted by Decarb Connect. Meet the conference speakers, sponsors and fellow attendees before the sessions begin tomorrow.

## Part 5. Wrap-Up and Key Takeaways

## Main Conference Agenda:

### DAY ONE - WEDNESDAY NOVEMBER, 6TH, 2024

8.00AM

#### Registration Opens

Join us early - collect your badge, avoid the queues, and enjoy a coffee and some light breakfast!

8.50AM

#### Welcome Remarks

Alex Cameron  
Founder & CEO  
**Decarb Connect & Decarbonization  
Leaders Network**

8.55AM

#### Opening Comments from the Chair

Gain insights on the upcoming sessions from the Morning Chair of Day 1.

Brian Begley,  
CFA, Founder & Partner,  
**PhiCap Advisors**

9.05AM

#### Government Keynote: Minister Graydon Smith

Join us as we kick off Day 1 with a discussion Industrial Carbon Management Policy Insights from The Minister of Natural Resources and Forestry.

- How are incentives in Ontario rolling out?
- What government support is available to help industrials decarbonise?
- What's changed since last year?
- How is the government of Ontario's perspective on the support requirements for decarbonisation adapting?

Hon. Graydon Smith  
Minister of Natural  
Resources and Forestry  
**Government of Ontario**

9.35AM

#### Industrial Spotlight: Net Zero by 2050: BASF's Roadmap to driving circularity and meeting net zero targets

How can the industry engage with their own employees to advance progress in sustainability?

- Plastics circularity
- Using production sites to optimize operations
- Certifying biomass balance

Eva Musso  
Head of Sustainability and Government Relations  
**BASF**

Agenda continues on the next page...

## Main Conference Agenda:

### DAY ONE - WEDNESDAY NOVEMBER, 6TH, 2024

9.55AM

#### Panel: Technology and Innovation for Zero-Carbon Production

10-minute overview followed by group Q&A.

##### GlasCurtain: Producing a low-carbon product at premium, high performance

How are GlasCurtain creating opportunities to leverage excellence in embodied carbon, and forming a roadmap to scale and complete larger projects?

##### ArcelorMittal Dofasco: Scaling technology after successful implementation

How are ArcelorMittal Dofasco scaling electric arc furnace steel making to meet their 2.9 million reductions in CO<sub>2</sub> target?

Facilitated by: Peter McArthur,  
**Ontario Clean Technology Industry Association**,  
Board Member, **Canada Cleantech Alliance**

Peter Dushenski,  
Managing Director,  
**GlassCurtain Inc.**

Nick Papanicolaou,  
Decarbonization  
Manager, ,  
**Carmeuse**

Tammy Oommen,  
Decarbonization Program Manager,  
**ArcelorMittal Dofasco**

10.40AM

#### Morning Coffee Break

Enjoy a coffee and a light refreshment or use the time to schedule a quick 1-2-1 meeting via our conference app.

11.10AM

#### Panel: Creating Business Certainty around CCS - A Review of Incentives, Support and Credits

- How can industrials combat uncertainty and risk around carbon pricing/ the industrial carbon tax?
- What role do CCFDs play?
- What type of community engagement is needed?
- Who manages the financial risk?

Moderated by:  
Breanne O'Reilly,  
Vice President Business  
Development & Strategic  
Initiatives,  
**International CCS  
Knowledge Centre**

Robert Cumming,  
Head of Sustainability  
& Public Affairs,  
**Lafarge Canada**

Gerald Ouellette,  
Director- Offset  
Advisory,  
**ClearBlue Markets**

Dean Pearson,  
President &  
Facility General  
Manager  
**Cabot Corporation**

Agenda continues on the next page...

## Main Conference Agenda:

### DAY ONE - WEDNESDAY NOVEMBER, 6TH, 2024

11.55AM

#### Industrial keynote: How AshGrove Cement are driving circularity to reduce emissions.

- How can circularity contribute to emissions reduction in cement
- How did companies collaborate across the value chain?
- What infrastructure and design are needed for a circular economy?

Scott Nielson,  
VP Environment &  
Sustainability and Innovation,  
**AshGrove Cement Company**

12.10PM

#### From Policy to Profit: Decarbonization Strategies for Sustainable Growth

- Canadian & global policies and risk
- The focus on decarbonization & execution in 2025 and beyond
- SINAI case studies on how decarbonization planning has supported our clients identifying cash positive decarbonization opportunities, and optimized capital deployment

Alisha Giglio,  
Director of Climate & Customer Success,  
**SINAI Technologies**

12.20PM

#### Emerging Tech Insights: Spotlight Pitches

Leading innovators in CO2 tech take the stage.

12.30PM

#### Networking Lunch

Join us for lunch – use the time to book 1-2-1 meetings or relax before the afternoon sessions.

1.45PM

#### Renewables, Storage, Electrification: What is the growth and market development supporting Canada's shift towards Industrial electrification?

- How do we build out energy storage in different parts of the country?
- What disruptors are breaking ground with energy storage tech?

Moderated by:  
Justin Rangooni,  
Executive Director,  
**Energy Storage Canada**

Cayla Saby,  
Vice President of Government  
Relations & Commercial,  
**AltaLink**

Jorden Dye,  
Program Director,  
**Business Renewables Centre  
Canada**

Agenda continues on the next page...

## Main Conference Agenda:

### DAY ONE - WEDNESDAY NOVEMBER, 6TH, 2024

2.30PM

#### Fireside Chat: Creating a Successful Consortium through Community Engagement

Collaboration is essential for securing finance and building a coalition around essential decarbonization projects.

- What collaborative models are needed for planning, resource allocation and execution of industrial strategy?
- Who are the key players to engage with?
- What was the workflow?

Mark Plamondon,  
Executive Director,  
**Alberta's Industrial Heartland Association**

Donald Fusco,  
Regional Director - Ontario,  
**Chemistry Association of Canada**

3.00PM

#### Afternoon Breakout Rooms

##### Session 1: Perspectives on green procurement- scaling up demand

- How are the US approaching green procurement?
- What are the emerging trends in the private sector?
- How is the chemistry industry building market demand, as an industry that are not publicly procured?

Peter Dushenski,  
Managing Director,  
**GlasCurtain**

##### Session 2: Carbon utilization- a low-hanging fruit?

- What are the emerging trends in carbon utilisation?
- How can carbon utilization tech best serve different industries?
- What investments are needed to bring the tech to scale?

Michael Bernstein,  
Chief Executive Officer  
**Clean Prosperity**

##### Session 3: Strengthening carbon markets and CCFDs in Canada

Following the Royal Bank of Canada's commitment to triple lending for renewable energy, lending \$35bn by 2030 and triggering a surge of investment- we try to uncover- where is this investment going?

Sarah Petrean,  
Vice President of Sustainability,  
**Cement Association of Canada**

##### Session 4: What Canada might be doing to help encourage nuclear use, globally?

3.45PM

#### Afternoon Networking Break

Enjoy a coffee and light refreshments before heading into the afternoon sessions.

## Main Conference Agenda:

### DAY ONE - WEDNESDAY NOVEMBER, 6TH, 2024

4.15PM

#### Industrial Keynote: Presented by Algoma Steel

Presented by:  
John Naccarato,  
VP Strategy & Chief Legal Officer,  
**Algoma Steel**

4.40PM

#### Emerging Tech Insights: Spotlight Pitches

Leading innovators in CO2 tech take the stage.

4.50PM

#### Panel: Energy Transition Infrastructure Investments: The Role of Institutional Investors on large scale implementation

The deployment of energy transition projects faces substantial financial and logistical barriers. This strategic panel session will explore how institutional investors, such as pension funds, asset management firms, and banks, can play a vital role in mobilizing the necessary capital for the large-scale implementation of these projects through sustainable investments.

Moderated by:  
Fathesha Sheikh  
Director CCUS Programme  
(North America)  
**Holcim**

Gregory Balycky,  
Senior Director of Investments,  
**Canada Infrastructure Bank**

Zoltan Tompa,  
Partner & Team Lead,  
ClimateTech Fund,  
**BDC Capital**

5.35PM

#### Close of Day 1 & Call to Drinks Reception

Closing remarks from Day 1, followed by a call for the drink's reception, hosted by Decarb Connect at Hotel X.

6.45PM

#### Networking Dinner

This separately bookable dinner is open to all attendees.

Hosted by

Agenda continues on the next page...

## Main Conference Agenda:

DAY TWO - THURSDAY, NOVEMBER 7TH, 2024

8.30AM

### Registration Opens

Join us early - collect your badge, avoid the queues, and enjoy a coffee and some light breakfast!

9.00AM

### Government Keynote: The Decarbonization Opportunity

Presented by Minister Brian Jean, Minister of Energy & Minerals, Government of Alberta

- How Alberta became a global leader in CCUS
- Industrial decarbonization opportunities

Minister Brian Jean,  
Minister of Energy & Minerals,  
**Government of Alberta**

9.20AM

### Headline Keynote: Heidelberg's Edmonton CCS Project

Hear how Heidelberg Materials are scaling their net-zero cement globally and breaking ground with their Edmonton plant, which plans to capture and store an estimated 1 million metric tons of carbon dioxide each year.

Presented by:  
Mubarik Chowdhry,  
Director & Head of Global Innovation Hub,  
**Heidelberg Materials**

9.45AM

### Powering Canada's Future: What is going to take us to industrial scale for renewable/clean power?

- How can we get clean energy to scale enough for industry?
- How do we build out energy storage in different parts of the country?
- How do people in different provinces (e.g. Ontario and Quebec) see clean power emerging for industrials in their region?
- What partnerships with Indigenous communities are needed?

Moderated by:  
Mark Zacharias  
President  
**Clean Energy Canada**

Nicole Geneau,  
Vice President of  
Commercial Development,  
**Antora Energy**

Patrick Hum,  
Director General, Clean Technology and  
Clean Growth Branch,  
**Government of Canada**

Monica Gattinger,  
Founding Chair, Positive  
Energy,  
**University of Ottawa**

Agenda continues on the next page...

## Main Conference Agenda:

### DAY TWO - THURSDAY, NOVEMBER 7TH, 2024

10.35AM

#### Morning Coffee Break

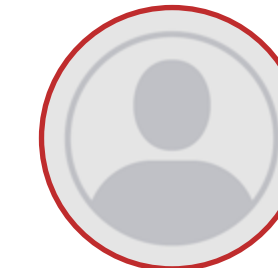

Enjoy a coffee and light refreshments whilst catching up attendees you met yesterday or meeting new contacts.

11.10AM

#### Panel: How is the hydrogen tech and ecosystem aligning with industrial demands?

Join a panel discussion on Canada's Hydrogen Strategy diving into the ambitious frameworks that will cement hydrogen as a tool to Canada's goal of net-zero emissions by 2050.

- What is industrial demand likely to look like in the medium to long term?
- Are industrials concerned about export import on price?
- Who is investing in hydrogen?

Sally Dauwoud,  
Cleantech Advisor,  
**Clean Resource  
Innovation Network**

Maïke Althaus,  
Executive Director  
**Canadian Hydrogen  
Association**

Martin Vroegh,  
CEO,  
**Hydrogenii**

Peter Sherk,  
Board Member,  
**Wabash Valley  
Resources**

12.55PM

#### Global Perspectives: What challenges and opportunities do industrials in Canada face following the U.S. IRA and CBAM in Europe?

- What impact is competition for investment having for industrials?
- How is Canada staying competitive in Europe following CBAM?
- What lessons can Canada learn from EU and US approaches to industrial decarbonization?
- To what extent will the EU funded 'Low Carbon Business Action Canada' (LCBA) scheme help accelerate Canada's own economy?

Moderated by:  
Katie Chan,  
Director, **STELCO**

Heather Crochetiere,  
Senior Director of  
Technology Adoption,  
**Foresight Canada**

Sarah Petrevan,  
Vice President of  
Sustainability,  
**Cement Association of  
Canada**

1.30PM

#### Closing Remarks

Listen to the opening remarks from the chair as we reflect on Day 2 key takeaways and prepare for another day of insights from industry leaders on developing a vision for Canada's energy future.

1.35PM

#### Networking Lunch

Enjoy a light lunch and a catch-up with new or old connections before heading back.

## Partnering Opportunities

Whether you want to find new leads, evaluate new partnership opportunities, amplify your leadership position or enhance your brand positioning, our packages are completely bespoke to meet your objectives. We combine our events, reports, webinars, podcast and leadership network opportunities to create a package that compliments your wider marketing strategy and surpasses your expectations.

### Business Development & Lead Generation

- Custom events, meetings & networking opportunities
- Site visits
- Webinars
- Networking drinks reception
- Private Dinner, Breakfast meetings or Luncheon
- 1-2-1 introductions & meetings
- Away day host

### Brand Building & Positioning

- Onsite branding – booths, registration & more
- Branding across event signage
- Website
- Video
- On-demand host

### Thought Leadership & Industry Innovation

- Keynote
- Roundtables or panel discussions
- Industry surveys & reports
- Podcast host or participant
- DLN monthly theme sponsor
- Heatmap
- Fireside chats
- Case studies & project review

*Very interesting to hear the challenges for decarbonization of other industries in other provinces. And to discover they have come to the same conclusions about applicability of different solutions.”*

**Simon Davies, Canadian Natural Resource Limited**

# Registration

## What's included?

- Access to the full attendee list via the event app
- Onsite hospitality: lunches, drinks and opportunities for networking in small groups throughout the event
- Two day full access to all sessions in-person, interact and ask questions during panel discussions and roundtables.
- Network and arrange group meetings or 1-2-1 meetings with all attendees, including speakers and sponsors.
- Early registrants may have the option of joining our site tours - these are strictly limited to 30 attendees each.
- Join the pre event networking dinner - express an interest when booking online.

## Book your team & make big savings

Across the hard-to-abate ecosystem, many companies send multiple functions, why not coordinate and group booking and save up to 30%?

To find out more and coordinate your booking, email Ruben Babei, [ruben@decarbconnect.com](mailto:ruben@decarbconnect.com)

# Toronto, Canada

## Rates to attend:

	Super Early bird (ends Sept 6 <sup>th</sup> )	Early bird (ends Sept 27 <sup>th</sup> )	Standard Rate
<b>Decarbonization Leaders Network Members</b>	Included in Membership Membership starts from only \$2,399 <a href="#">Click here</a> to enquire about becoming a member		
<b>CO<sub>2</sub> Intensive Industries*</b>	<del>\$899</del>	<del>\$1,499</del>	\$1,999
<b>All Stakeholders</b>	<del>\$1,699</del>	<del>\$2,359</del>	\$2,999
<b>Technology Start-Up (less than 10 employees)/ Academics/NFP</b>	<del>\$749</del>	<del>\$1,299</del>	\$1,899
<b>Indigenous Communities/Gov</b>	<del>\$599</del>		\$699
<b>Add-on: Site Visits</b>	\$299		
<b>Add-on: Networking Dinner</b>	\$329		

Please note that all the above prices are excluding Sales Tax.

\* CO<sub>2</sub>-Intensive Industry: This rate is only to those companies manufacturing a CO<sub>2</sub> intensive material or product including cement, steel, chemicals, refined products, glass, ceramics. Decarb Connect has the right to refuse this price to organizations that do not fulfil the criteria of the ticket.
